**SHIP LETTERS.**—Letters arriving from *abroad*, except the **EAST INDIES**, &c. in Vessels, not Packet Boats, are liable to a sea postage of 8d. if single, 1s. 4d. if double, and so on, *over and above all inland rates*.

**INDIA.**—Letters from the **CAPE OF GOOD HOPE**, the **MAURITIUS**, **CEYLON**, the **EAST INDIES**, **NEW SOUTH WALES**, and **VANDIEMAN'S LAND**, are liable to a sea postage of 4d. each, if not exceeding three ounces, and *one shilling* per ounce above that weight, *in addition to the inland rates*.

Letters to the above parts may be sent through the Post-Office at a sea postage of *twopence* each, under the weight of three ounces, and one shilling per ounce, if above that weight, in addition to the inland rates, to be paid at the time of putting the letters into the Post-Office.

Newspapers, Printed Prices Current, and Printed Papers, duly *stamped*, may be conveyed to the above Parts, at *one penny* each, provided the same be open at the sides. Postage to be paid at the time they are put into the Post-Office.

**OWNERS, CHARTERERS, and CONSIGNEES of VESSELS** resident in Great Britain may receive their letters by their own vessels from *Ceylon, the Mauritius, the East Indies, the Cape, New South Wales, and Vandiemans's Land*, free from sea postage, provided that such letters shall not collectively exceed twenty ounces; and the **OWNERS and CONSIGNEES of Goods** on board of ships arriving from those places, may receive letters free from sea postage, providing such letters shall not collectively exceed six ounces. The letters of such **OWNERS, &c. of VESSELS and GOODS**, *to be superscribed and addressed in the manner the Act directs*; and any person, who shall falsely so superscribe any letters, will forfeit for every such offence, £10. All letters for **OWNERS and CONSIGNEES**, within such limitation of weight and superscription, may be obtained from the Master before he makes his delivery to the Post-Office.

When agreement has been made with the Post-Office of any Foreign kingdom or state, it will be optional with persons sending letters to such kingdom to pay both the British and Foreign postage—to pay the British postage only, or to send the same without payment—persons residing in such foreign kingdom will have the same option with regard to letters addressed to this country.

The practice adopted by the Post-office in France, of charging double the rate of postage to which letters are liable, as the price for Registering them, is now substituted in this country for the late regulation of requiring half-a-crown as a fee, provided the extra postage to be so charged shall not exceed half-a-crown, which is still to be the highest sum demanded for the registry of any foreign letter in this country. As the optional payment does not apply to registered letters, the whole amount of postage chargeable in England and in France upon such letters must be paid at the time they are put into the post in either country.

In consequence of this regulation with regard to registered letters, the practice of taking charge of foreign letters containing coin, jewels, &c. as "*money letters*" will be discontinued, and in future these letters can only be received under the same regulations that apply to other registered letters.

It must be distinctly understood, that the registry of letters will not make the Postmaster-General responsible for the loss that may be sustained in consequence of the failure of any letter with which this precaution may have been adopted.

In order that parties may be saved the trouble and delay of applying to London or Edinburgh, a reduction will be made at the Glasgow Post-office on the charge on Letters and Packets of the under-mentioned description, arriving from the Colonies or Foreign Countries, so far as relates to *British* Postage, viz. :—

On Letters and Packets containing patterns or samples of goods, the Postage will be reduced to 1s. per ounce weight.

On British Plantation Accounts, and on Deeds from the Colonies and Foreign Parts, according to the annexed scale :—

|                                                                | £ | s. | d. |
|----------------------------------------------------------------|---|----|----|
| Not exceeding $\frac{1}{4}$ lb. ~~~~~~ to                      | 0 | 5  | 0  |
| Above $\frac{1}{4}$ lb. and not exceeding $\frac{1}{2}$ lb. to | 0 | 10 | 0  |
| Above $\frac{1}{2}$ lb. and not exceeding $\frac{3}{4}$ lb. to | 0 | 15 | 0  |
| Above $\frac{3}{4}$ lb. and not exceeding 1 lb. to             | 1 | 0  | 0  |
| Above 1 lb. and not exceeding $1\frac{1}{2}$ lb. to            | 2 | 0  | 0  |
| Above $1\frac{1}{2}$ lb. and not exceeding 2 lb. to            | 3 | 0  | 0  |
| Above 2 lb. and not exceeding $2\frac{1}{2}$ lb. to            | 4 | 0  | 0  |
| Above $2\frac{1}{2}$ lb. and not exceeding 3 lb. to            | 5 | 0  | 0  |

After the weight of 3 lb. the full charge of Postage will be maintained, it being desirable to prevent Packets above that weight from being sent through the Post-office.

On books, pamphlets, and other printed papers, the reduction will be made as at present, viz. :—

To 4s. if the original charge be under 20s.

To 5s. if under 50s.

If above 50s. to one-tenth of the total charge.

To prevent letters being sent clandestinely in such Packets, no relief will be given unless the Packets are opened at this office, in the presence of the Postmaster, or one of his Clerks, when, if any letters are found to be enclosed, they will be charged with full postage.

### *Form of Proceeding in the Recovery of Small Debts.*

Debts may be recovered in a summary form, before the Justice of Peace Court, to the extent of £5; and before the Sheriff Courts, to the extent of £8, 6s. 8d.

The first step is to set forth, in a complaint or libel, agreeably to a prescribed form, [the Clerks of Court will provide the necessary forms,] the origin of the debt, or ground of action, and to cause the same, with a copy of the account, if any, to be served on the defender.

A warrant will, at same time, be obtained to cite witnesses, and to use arrestments.

The parties may appear either by themselves or by members of their families, or others whom the Court may authorise; but in no case by persons practising the profession of the law, without special leave.

If the defender fail to appear, after being cited personally, he will be held as confessed, and judgment will be given against him.

If the defender has not been cited personally, he will receive a second citation; after which, whether given personally or not, he will be held confessed, as above.

But, when decree is given in absence against the defender, he may, before the expiry of the charge, apply for a re-hearing, on consigning the sums decerned for.

If decree in absence be given against the pursuer, he may, within one month, obtain a re-hearing on consigning 2s. 6d. if the case be before the Justices; and the expenses decerned for, if the case be before the Sheriff.

The case will be adjourned, upon the pursuer or defender offering a suitable excuse, or if any witnesses be absent.

If decree be given against the defender, in his personal presence, diligence may proceed against him by arrestment, poinding and sale, (and imprisonment, where the debt was contracted prior to 9th September, 1835,) at the end of ten days.

If decree be given against the defender in his absence, poinding and sale, and imprisonment, as above, can only follow after a charge of ten days.

The defender, on showing cause, may be allowed to pay the sums decerned for by instalments.

The decrees of the Sheriff may be executed in any county, on the same being indorsed by the Clerk of such county.

Any arrestments, used in cases before the Sheriff, must be used within sixty days after the warrant is obtained, and renewed every three months; and such arrestments may be loosed on offering sufficient caution, or on showing evidence of absolvitor, or payment, or on consigning the sums demanded, if before decree.

The above forms will apply to any action of forthcoming whatever, before the Sheriff or Justices, for making effectual arrestments; but, in such actions, both the defender and arrestee must be cited to appear in Court on the same day.

Decrees, pronounced in this summary form, by the Sheriff, will only be reviewable by the next Circuit Court of Justiciary, or, if there be no Circuit Court, by the High Court of Justiciary, at Edinburgh, on the ground of corruption, or malice, or oppression, on the part of the Judge.

Such decrees, when pronounced by the Justices, will only be reviewable by a reduction before the Court of Session, on the ground of malice and oppression, on the part of the Justices; and such reduction will only be competent for one year, and finding caution for costs.

No person shall be exempted from the Jurisdiction of Justices or Sheriffs in such cases, by reason of privilege as a member of the College of Justice.

In carrying Grain, the Carters shall always find sufficient Bags, and carry the whole of their load up one storey, or into a ground flat, without any assistance from the employer.

When the Cart Load is to be carried up more than one storey, the Carter shall receive 2d. per Cart additional; but in this case the Carter may carry up the half of the load at his own expense, his employer being at the expense of carrying up the other half.

The Carter, in all cases, shall assist in loading and unloading, but must always remain by his Cart; and when able so to do, he must load and unload the Cart himself.

All such quantities of Goods as are to be considered as a single Cart load, and likewise all Rates and Fares not before specially provided for, in case of any dispute, shall be settled by the Sitting Magistrate.

III. The following Rules and Regulations shall be observed by the Carters, and shall be strictly enforced in all time coming:—

1st, Every Carter shall enter his name and place of residence in a book to be kept for that purpose, in the Town Clerk's Chambers, and must find security for the faithful and honest discharge of his duty under a suitable penalty; and any Carter plying in the streets, and neglecting to find such caution, shall forfeit a sum not exceeding two pounds sterling for each offence.

2d, Every Carter shall be furnished with a badge, which will be numbered according to the order in which his name is entered. These badges must be worn constantly by the Carters when at work; and they must immediately get the number which is on the badge, painted on some conspicuous part of their carts, under a penalty of ten shillings for each offence.

3d, Every Carter who shall refuse to work when not engaged, or who shall demand higher fares than those specified in the foregoing Table, shall be liable to a penalty of ten shillings for each offence. And every Carter, who says he is engaged, shall, upon being asked, specify the person by whom, and the hour at which he is engaged, and he shall not refuse to be employed in the interval between the time he is so asked, and the hour of his engagement, under a like penalty of ten shillings for each offence.

4th, Every Carter shall be furnished with, and shall always carry about with him, a copy of these Regulations and Fares, which he shall

produce and show, when required, to his employers, under a penalty of ten shillings for each offence. And,

Lastly, Every Carter is hereby enjoined, strictly to attend and conform to the Regulations in the Act 12th Geo. III. cap. 45, and also to the Regulations with regard to the carriage of Timber, in the Act 33d Geo. III. cap. 104, under the several penalties therein-mentioned.

### *Regulations and Table of Fares for the City Porters.*

By the Police Act, Section 103, no person is allowed to ply, or work on the streets of the City or liberties, for hire, as a Porter, without first entering his name, and place of residence, in a book for the purpose, in the Town Clerk's Chambers, and without giving Bond for the faithful and honest discharge of his duty, under such penalty as to the Magistrates shall seem proper, and without having a badge or ticket containing his number.

Persons wishing to be admitted as Porters must apply to the Magistrates, by petition, stating their places of nativity, age, residence, and former employment, and produce satisfactory certificates as to character. On being admitted, and before being allowed to ply, each Porter must implement the above enactment; and he shall thereafter strictly conform to and observe the following Regulations:—

1st, He shall renew his bond at the expiry of three years, and, on the decease of the Cautioner, or his removal from the City; which decease or removal, he shall, within eight days thereof, intimate, in writing, to the Town Clerks, and Superintendent of Police, and he shall also, in the same manner, and within the said time, intimate his own removal or change of residence.

2d, He shall wear his badge or ticket conspicuously on the left breast of his coat, which badge shall be of brass, and have inscribed the words "City Porter," and the number, in the order of his admission; and he shall also have a transcript of said inscription painted legibly on the right side of his barrow or hurley.

3d, He shall not, when unengaged, refuse employment when offered, whether on his station or not; and, if he allege previous employment, he shall, when required, specify the nature and time of his engagement.

4th, He shall not demand higher fares than those specified in the subjoined Table; a copy of which Table, with these regulations, and also a small plan of the City, divided into sections of a quarter of a mile, he shall always have in his possession, and produce to persons employing him, when required.

5th, When stations or districts are allotted to Porters, which shall be done by the Superintendent of Police, the Porters, except on extraordinary occasions, such as the Term time, when they are generally employed at *flittings*, shall not offer themselves for hire beyond the district assigned to them.

6th, Not more than four Porters shall stand at any corner of a street or other station; and, as one station may be more advantageous for employment than another, they shall be so arranged as that each may have

an equal opportunity of obtaining it. Thus, if the south corners of Glassford Street shall be deemed the most favourable, the four Porters who have been longest in the service shall take the west corner—the next four in order shall take the east corner—the next four shall take the west corner of Stockwell Street—and the next four the east corner of Stockwell Street; and, when a vacancy takes place, by the employment or absence for a quarter of an hour, of any on the more advantageous stations, in this order—the Porter first on the next station, for the day, shall have the right of moving to it—that is to say, the first of the four at the west corner of Stockwell Street to the west corner of Glassford Street—and the first of the four at the east corner of Stockwell Street to the east corner of Glassford Street; or, the first at the east corner of Stockwell Street may move to a vacancy at the west corner of Stockwell Street. The same rule shall be observed at the Cross, the south end of Candle-riggs, and the north end of King Street; the south end of Buchanan Street; and the north end of St. Enoch Street; and at the other parts of the City where there are intersecting streets, or where there are two or more stations near each other.

7th, Not more than six Porters shall resort to or take up a station at any Coach Office, Inn, or other place at which Stage Coaches arrive. On the arrival of Coaches, the Porters shall stand in a line on the kirb-stones of the pavement; and they shall not leave the kirb-stone or interfere with passengers' luggage, till singled out and engaged. They shall not importune, call out, or make any signal to passengers for employment; and, unless specially selected by passengers, they shall take hire in rotation, each in regular succession.

8th, The object of these arrangements being to ensure good order on the one hand, and a fair opportunity of regular employment on the other, the Porters must strictly attend to their operation. For this purpose, they may establish rules among themselves, provided these are sanctioned by the Superintendent of Police, who may alter or rescind them, and provided they are not inconsistent with the Regulations hereby enacted. In the event of dispute or misunderstanding among them, the same shall be determined by the Superintendent. And, as a corrective of improper conduct, the Superintendent may remove such as do not comport themselves with propriety, to an inferior station, and promote the next in order.

9th, No Porter shall appear on his station intoxicated; if he does, he shall be removed, and the next in order shall take his place. All Porters are prohibited from standing on the pavement or crossings, to the obstruction or annoyance of the lieges; as also from smoking, when upon their stations, or in any manner giving offence. In general they are enjoined to conduct themselves orderly among themselves, and discreetly towards the public; to obey the instructions of the Magistrates; and to assist the Police in cases of emergency, and on all occasions when required by the Superintendent, or the Officers acting under his authority.

10th, Porters contravening, or not conforming to these Regulations will subject themselves to a penalty not exceeding forty shillings; which penalty shall be awarded, and the Regulations enforced in a summary manner, by the Sitting Magistrate in the Council Chambers or Police Court, who may also dismiss from said employment, and deprive of their badge, such as shall offend.

ALMANACK AND TIDE TABLE.

---

*July, 1839, to July, 1840.*

---

THE following Tables, having been constructed on strictly scientific principles, will, it is presumed, be found as accurate as any Tables of the same kind yet offered to the public.

On the subject of the Tide, it may be noticed that the Tide wave rolling northward from the Atlantic Ocean, on its arrival at the British Isles, divides into three branches: one proceeds up the English Channel, another enters St. George's Channel, south, and the third flows round the west and north west coasts of Ireland, meeting the north branch near the Isle of Man. From the two latter branches our tide is derived, and must therefore necessarily partake of the irregularities produced on THEM, by the action of high winds, giving rise to some anomalies that are sometimes observed, while no apparent cause is operating in the Clyde itself. The time and elevation of high water are also considerably affected by high winds in the Clyde. From the form and course of the Firth, it will be easily seen that a gale from N.N.W. or N.W. by opposing the flow of the Tide, will cause the time of high water to be earlier, and the height of the Tide to be less than it otherwise would be, while a gale from an opposite direction would have an effect quite the contrary, so as sometimes to make the Tide vary half an hour, or even more, from the time noted in the Table.

### CONCLUDING REMARKS.

IN the following Table are included the Watering places on our coasts, which, on account of the proximity, are chiefly interesting to the inhabitants of Glasgow, as places of Summer visiting or retreat.

It exhibits the number of hours and minutes, that the time of high water, at the respective places, is sooner or later than the time shown by the Glasgow Tide Table.

## LIFE ASSURANCE.

The new principles on which this Society is founded, bring the benefits of Life Assurance within the reach of all. It provides against the contingency of misfortune during life, as well as against the risk of death ; and even affords to the Assured a fund out of his premiums on which he can at any time operate, as his circumstances may require. It thus affords to the prudent of all classes, the greatest facilities and most powerful encouragement to lay up a certain provision for the future.

Among other advantages, the assured will enjoy the following :—

1. Moderate rates of Premium consistent with security ; besides the guarantee of half a million of capital.
2. No entry-money.
3. Power of converting the policy at any time into a payment in cash, a new policy, or immediate, or deferred Annuity.
4. After five years, two-thirds of payment on elapsed policies returnable at death.
5. The Assured, on complying with the conditions of the office, may, at any time, borrow two-thirds of all previous payments, and the amount of any declared bonus.
6. Two-thirds of the entire profits on the Life Assurance, and on the investment of the guarantee Fund, divided annually among the Insured, and at their option paid in cash, added to the policy, or applied in reduction of future premiums.
7. Great facility in effecting insurances. Premiums payable by one payment, or annually, half-yearly, quarterly, or monthly, or on the increasing or decreasing scale.
8. Females assured at one year less than their actual ages.
9. Relaxation of restrictions on travelling beyond the limits of Europe, except to places specially enumerated, and a policy in force seven years not forfeited by suicide.

DEFERRED ANNUITIES.

By the operation of the same new principles, the Society is enabled to afford to the public a plan of DEFERRED ANNUITIES far more advantageous than any hitherto offered, whereby an individual, by the contribution of a very small annual, monthly, or weekly saving, may secure either a comfortable provision for himself in advanced age, or, at his option, a large sum of money, or a policy to his family at his death.

The industrious classes, hitherto obliged to resort to Savings' Banks and Benefit Societies, will find in this scheme a far safer and more profitable application of their savings. This Society is enabled, by judicious and accurate calculations, to afford a Deferred Annuity of a much greater amount than has hitherto been offered, besides the option of exchanging this annuity when payable, for a large sum in cash, or a still larger Policy, payable without premiums at death ; while, by giving to the purchaser, at any time preceding, the stipulated term of the Annuity's commencement, the power of borrowing two-thirds of all previous payments, it removes all risk of forfeiture from inability to continue premiums, besides affording an ample resource during sickness and want of employment ; and should the purchaser die before arriving at the stipulated period, two-thirds of his payments will be returned to his representatives. The purchaser has also the power of converting, on equal terms, his deferred into a present Annuity.

The following tables are a specimen of the great and varied advantages which the judicious application of a small saving can secure through the Society.

**FIRE DEPARTMENT.**

This branch of the Company's business comprehends the Insurance of all descriptions of real and personal Property from Loss or Damage by Fire. The usual reduced Premiums will be charged in the three first Classes of Fire Insurance, and a revised classification of Extra Risks has been made by the Glasgow Insurance Company, according to which are charged the lowest remunerating rates of Premium compatible with a prompt and liberal settlement of claims.

**LIFE DEPARTMENT.**

This Branch of the business comprises Insurance on Lives and Survivorships, the Purchase and Sale of Reversionary Property and Life Interests, the Sale and Purchase of immediate, contingent, and deferred Annuities, and the Endowment of Widows and Children.

The principles upon which the Life Tables of the Glasgow Insurance Company are formed, have been adopted after a most minute investigation of the principles and practice of Established Offices; and the Directors being desirous of affording every encouragement to the extension of the system of Life Insurance, their object has been to ascertain to what extent the Rates of Premium usually demanded might be

reduced consistently with security. For this purpose a careful analysis has been made of such observations on the decrement of Life as are considered entitled to credit; and the Directors are now enabled to present to the public, Tables adjusted according to different Ages, and the various contingencies intended to be provided for.

Two distinct plans are offered by this Company to Insurers. By the *First Plan*, persons may insure for the whole term of Life, and participate in the Company's profits to the extent of two-thirds, and at the same time be protected, by a Capital subscribed by a large and substantial Proprietary, from the responsibilities attached to Societies for Mutual Insurance; the principles and periods of Division of the Profits will be fixed upon favourable terms for the Insured. By the *Second Plan*, persons may effect every kind of Insurance at a reduced rate of Premium, without participating in the Profits of the Company.

The Company will advance Money on the security of Policies, and persons desirous of discontinuing the payment of their Annual Premiums may dispose of their Policies to the Company.

The Assured are allowed to pass by sea from one part of Great Britain and Ireland to another; and also, in time of peace, in Queen's Ships, Steam Vessels, and Packets, to and from British and such Foreign Ports as lie within the limits of Europe, without any special leave or licence from the Directors.

No admission or entrance fees are required, nor is any charge made for the Policy beyond the Stamp Duty.

This Company undertakes the management of every description of Trust-Estates.

TABLES of RATES, FORMS of PROPOSALS, and all other necessary information, may be obtained on application at the Office, 98, Miller Street; or of any of the Company's Agents throughout the country.

*The Tables, of which specimens are subjoined, have been calculated expressly for the present Institution, partly from the Government, and partly from the Carlisle, Tables of Mortality, slightly modified by reference to other recent and accredited sources.*

The Directors beg to call attention to the peculiar advantages offered by this Institution, the only one in which the acknowledged benefits of Mutual Assurance are combined with a low rate of premiums. The following are among the grounds on which they rest their claim to the continued favour of the public:—

1. *The Premiums* for young and middle aged lives are, on an average, *twenty-five per cent. lower* than those of most other offices, which, like this, divide all the profits among the assured. At the age of 25, for instance, these offices require, for £1000, a premium which would assure £1265 in this office; besides an arbitrary and unequal payment, in name of entry money. No entry money is demanded by the *Provident*.

2. Supposing these offices to add 1 per cent. every year, upon an average, to the sums contained in their Policies, it will require the payment of premiums for almost 27 years, the age at admission being 25, before the assured can become entitled to the same benefit, which, in the *Provident*, is secured by the payment of the same premium for only one year. Even if the addition be at the rate of  $1\frac{1}{2}$  per cent. per annum, the premium must be paid for 18 years. All such Policies, which, as the case may be, become claims at the end of 27 or 18 years respectively, consequently produce not more than the Policies of this office, however early the claim may emerge; and if the life fail in 5, or even in 10 years, they yield less in many Offices than in this by upwards of 25 per cent.

3. *The Surplus* is reserved by this Institution for the benefit of those from whose premiums it has been raised, instead of being frittered away among Policies of only a few years' standing, on which there must always be a great loss.

This is a peculiar feature of the present Institution, whereby it combines, in some degree, the benefits of a TONTINE with those of an ordinary Assurance Office. Policies of long standing may thus, as in the LONDON EQUITABLE, produce twice or three times the sum originally assured; or, on such Policies, *the premiums may be altogether discontinued*. The practical effect of this arrangement, indeed, is to give to the public the benefit of the *reduced premiums* charged by only a few of the proprietary companies which retain all the profits, while the assured will eventually obtain a *much larger addition* to their Policies, than from Offices that charge the highest premiums. For those who may not live to become entitled to a share of the surplus, the low premiums of this Institution are evidently equivalent to a Bonus, in most cases amounting to one-fourth of the sum assured, from the very dates of their Policies.

4. The Premiums may be made payable *only for a limited number of years*, according to a scale, of which examples are given in Table I. affixed. It will there be seen, that a person, aged 30, may assure £100 for a yearly payment of £2, 14s. 6d. to cease on his attaining his 50th year; being thus entirely relieved of payment before he has passed the prime of life, *and that for nearly the same Premium as other offices require for the whole of life, however long*. The Premiums may thus be made to cease after seven, fourteen, or any other number of years; and, from the principle adopted in their distribution, it is important to keep in view, that assurers in this way will more early come to share in the

profits, for which they will rank with those of the higher age at which the same Premium is required by the ordinary Table.

5. The sum assured may be made payable to the individual himself, on his attaining 60, or any other specified age; while, if he should die before that time, his heirs will reap the benefit of his assurance in the usual way. By this method, the respective advantages of a *Life Assurance*, and of a *Deferred Provision* for Old Age, may be in some measure united.

6. In the event of a Member wishing to discontinue his Annual Payments, the fair value of his policy (according to a Table already prepared) will be given on its surrender, or a new one will be granted for a sum corresponding to the Premiums already paid, in which case no further payments will be required.

Upon the whole, the Directors feel confident that, in addition to the advantages which are peculiar to the SCOTTISH PROVIDENT INSTITUTION, its provisions will be found in other respects as liberal as is consistent with security.

ANNUITIES, *immediate and deferred—reversionary and contingent*—are granted upon very favourable terms.

For further information, reference is made to a *General View of the Principles*, which, with all necessary particulars, may be had on application at the Offices in Edinburgh and Glasgow, or from any of the Agents.

# Scottish Amicable Life Society.

**HEAD OFFICE,**

**141, BUCHANAN STREET, GLASGOW.**

THIS is the first Society which afforded to Glasgow and the neighbouring districts the facilities and advantages of a Native Local Establishment, and is the only one of this City which is founded on the system of Mutual Insurance. The sound principles of calculation, on which Mutual Insurance Societies have been conducted, had long satisfied those acquainted with the subject, of the advantages to be derived from them by Insurers; and experience, by convincing the Public of their safety, has led them to appreciate the benefit of securing to themselves the whole profits of a safe and prosperous business.

It is scarcely necessary, in the present state of information on the subject, to point out the propriety, and indeed the duty, of those on whose lives depend their prospects of being able to secure a provision for their families—to defend them from the risk of positive or comparative poverty. A person of the age of 29 may, by an Annual Payment of £100, secure his family in a provision of £4000, with the accumulating Bonuses, which, if he lives long, may be reasonably expected to make the £4000 double; while, if he dies early, his heirs receive a large sum for a trifling outlay on his part. In a similar manner, a person of the same age, with a small income, may secure corresponding advantages to his family by an Insurance of £400 for £10 a-year.

At the first investigation into the Society's affairs, on 31st December, 1832, a Bonus of  $10\frac{1}{2}$  per Cent. was declared on Policies of seven years' standing, (and so in proportion to the duration of the Policies,) equal to £420 on a Policy of £4000.

The second periodical investigation takes place on 31st December, 1839, when the present situation of the affairs fully warrants the prospect of very favourable results.

Parties Insuring before the end of the year will have the benefit of a full year's standing in calculating the profits.

The following is a list of the Office-Bearers for 1839:—  
(Being in terms of the Articles of Constitution Members of, and connected with, the Society, by Policies on their own lives of a determinate number of years' standing.)

# GLASGOW RIDING ACADEMY,

## CAMBRIDGE STREET.

J. COOKE, RIDING-MASTER.

THIS Institution was opened in 1839, and no trouble or expense has been spared to render it worthy of the second City in the Empire. Accordingly, the School, Stabling, and other appendages, are not surpassed by any similar Establishment in the United Kingdom, either in regard to the chaste and beautiful simplicity of the Architecture, or the light, airy, cheerful character of the internal structure, the whole arrangements being complete, and admirably adapted for the purpose intended.

Ladies and Gentlemen are taught, according to the most approved methods, the art of Riding and Managing Horses on the Road or Field, thoroughly broke and gentle Horses being kept for that purpose, and well-trained Ponies for Children, of whom every care is taken. A Leaping-Bar of the best construction is used, and the comfort and safety of Pupils amply provided for.

Horses broke for every purpose, and kept on moderate terms during Breaking. The School for this purpose is invaluable, as it precludes the possibility of injury to the Horses.

A Riding Club has been instituted, and is already joined by a great many respectable Gentlemen, who have, for a small annual Subscription, the privilege of riding daily in the School during the whole year, at certain hours, and of using the Leaping-Bar. The Members have also a right to send their Grooms to the School every morning from 9 to 10 o'clock, during the Winter half-year, to exercise their Horses.

Lessons given in Driving, in Double and Single Harness, Tandem and Four-in-hand, on the usual terms, which may be learned at the Academy.

 Stable Entrance, Renfrew Street. }
